### **Instructions for Esophagogastroduodenoscopy**

**Do not eat or drink** after midnight the night before the examination.

**You will be sedated** for the procedure. As such, you **will not** be allowed to drive yourself home afterward. Please arrange for someone to drive you home and stay with you after the procedure. Taxi is not acceptable.

**Please alert us if** you are taking Coumadin, Plavix, or other blood thinners. If you have a heart condition or had a stroke, for which you take aspirin, you may continue to take aspirin. Otherwise, it is preferable to stop aspirin and arthritis medications such as Motrin, Advil or Aleve one week before the procedure. Tylenol is safe.

**Please alert us if** you are a diabetic.

**If you have questions** about any other medication that you are taking please make certain to ask us.

**If you have any other questions** regarding these instructions or the procedure, we urge you to call the office.
